

An unusual sight and sound at 6.30am

LOWER BOTTOMS FIELD, PRATTS BOTTOM

Photographs and notes by Sue Short

A humane hunt followed a specially laid scent through the fields, including the Lower Bottoms Field, Pratts Bottom and up Budgens Hill on Monday 1st September at 6am. A huntsman's horn was heard as the hunt went up Budgen's Hill, an unusual sound in this day and age.

The cloud formation over Pratts Bottom at 6.30am on Monday 1st September 2014
